WHAT IS A SLOGAN THAT DESCRIBES YOU OR YOUR VALUES?

For 58 years, we are "The Name You Know and Trust."

Allen Service has long prided itself on customer care. Within our core values, and posted in our entryway, it states that we are a FAMILY FIRST company. That provides the foundation for our company.

WHAT ARE YOUR CLAIM(S) TO FAME?

Our company has not only survived, it has thrived by constantly adapting to the changing times. We were Northern Colorado's first "green" plumbing company and were the first to use most of the low water consumption fixtures and faucets commonly seen in homes today.

WHAT IS ONE OF YOUR GREATEST ACHIEVEMENTS?

We are extremely proud to be a recipient of the BBB Torch Award for trust, performance and integrity. We've also maintained an A+ rating by the BBB for many years and appreciate that long-time designation.

WHAT CAUSES DO YOU SUPPORT?

Northern Colorado is such a special place, and all of us at Alpine Dental Health are grateful to call it home. As a family-owned dental practice in Fort Collins, we value our wonderful community and care deeply about helping those in need. One of the most meaningful ways we do that is as a Business Member of Realities for Children. This exceptional organization provides a safety net of services and funding in Larimer County for children who have faced

abuse and neglect. Business Members like us partner with Realities for Children to underwrite the administrative costs of their programs, allowing 100% of donations to go directly to the children who need it. How beautiful to see these children heal, grow and overcome their painful circumstances with the love and support provided through Realities for Children.

WHAT ARE WORDS TO LIVE BY?

No one says it quite like loveable Winnie the Pooh: "Sometimes the smallest things

take up the most room in your heart." Of course, he was talking about how little gestures let you know in big ways that you matter, that you are appreciated and seen. The wonderful people on our team understand the truth in these words. Greeting you by name, making sure you're comfortable, taking the time to really listen, explaining information so you are confident, calling you at home to see how you're healing—small acts that mean a lot. Our patients are the best, and we've certainly been on the receiving end too,

with homemade treats, thoughtful cards and words of kindness that make our day.

WHAT IS A SLOGAN THAT DESCRIBES YOUR VALUES?

Treat others the way you want to be treated. We learned it as kids for good reason. It's a simple idea that can change everything. With us, you can expect the same care, time and attention that we give our families and friends.
